VenuHub Network Membership Info Sheet

Built for Colorado venues. Powered by referrals.

About the VenuHub Network

The VenuHub Network is a private referral group of trusted venues, hotels, and private dining spaces across Colorado. When a client submits an inquiry on VenuHub.com, it's emailed directly to participating venues that match based on location, event date, and venue size.

There is no public directory, no rankings, and no reselling of leads. If you're available and interested, you reply. If you're not a fit, you delete it. That's it.

This isn't a passive platform—it's powered by participation. The network began in 2009 with a grassroots group of venue pros who believed in collaboration over competition— and that belief still fuels everything we do.

Pricing is intentionally affordable. The real value comes from members sharing the leads they can't take, keeping the network moving and full of genuine opportunity.

Who It's For

- Colorado venues, restaurants, and hotels with private event space
- Sales and event teams who receive more inquiries than they can book
- Professionals who value relationships and want to grow with a trusted network

---

2026 Membership Rates

- Large Venues (150+ guests): $1,800/year
- Small Venues (<150 guests): $900/year
- Private Dining / Restaurants: $375/year
- 40% discount for additional venues under the same ownership

---

What You'll Get

- Event inquiries routed by date, venue size, and location
- Monthly networking meetups hosted at VenuHub Network member venues
- Visibility in VenuHub newsletters, social media, and vendor-facing content
- A trusted network of peers who refer when they're booked

What We Ask

- Only respond to inquiries when you're truly available
- Don't add VenuHub clients to marketing lists or send off-topic replies
- Share the VenuHub inquiry form when you can't take a client
- Welcome all people — inclusion and respect are core values
- Participate intentionally — this model depends on sharing what you can't book

---

How Referrals Work

When a client fills out the form on VenuHub.com, their inquiry is automatically emailed to the VenuHub Network venues that match by location, date, and capacity. We don't "assign" leads—everyone sees the same info.

Reply if it's a fit. If not, simply delete. That's how we maintain trust and efficiency.

Separately, when you receive direct inquiries or are speaking with clients you can't accommodate, we ask that you refer them to the VenuHub inquiry form. That's what keeps the network active and useful for all members.

Timely, relevant replies build trust—and that trust is what keeps people coming back.

Ready to Be Part of the Network?

The VenuHub Network was **founded in Colorado in 2009** by venue professionals who believed there had to be a better way to collaborate. What started as a grassroots idea has grown into a trusted, statewide referral network—still proudly **locally owned, operated, and led by its original founder**.

This isn't a listing site. It's a relationship-driven model built on trust, shared values, and the kind of referrals that make clients come back.

If that sounds like your kind of community, I'd love to connect.
